소아과 의사, 레지던트, 의대생 및 기타 임상 전문가에게 어린이의 중요한 첫 1,000일 동안 건강 결과에 영향을 미치는 모범 사례에 대한 필수 지침을 제공하는 새로운 AAP 온라인 리소스

### Learning Modules

On-demand learning modules present key AAP policies, guidelines, and best practices—collected from top AAP journals, books, and point-of-care resources—along with guided learning from medical experts.

### Webinars

Coming in 2023—"Ask the Author/Editor" sessions where you can learn directly from and chapter authors/editors about their and recommendations, as well as ask questions and engage in discussion.

### NeoKit: Tools for Assessment and Care of the Newborn

Interactive tools designed for the assessment and care of the newborn. Tools cover the newborn exam, infectious exposures, circumcision, and more.

### News

Check here as the site builds to learn about new and updated content, as well as interactive events and opportunities.

We value your feedback, especially during this beta period of development. If you would like to participate in providing more extensive feedback on new features, topics, live events, etc., please send us an e-mail by clicking the button below.

### Risk Factors for Severe COVID-19 in Children FREE

Rebecca C. Woodruff, PhD, MPH ✉; Angela P. Campbell, MD, MPH; Christopher A. Taylor, PhD; Shua J. Chai, MD, MPH; Breanna Kawasaki, MPH; James Meek, MPH; Evan J. Anderson, MD; Andy Weigel, MSW; Maya L. Monroe, MPH; Libby Reeg, MPH; Erica Bye, MPH; Daniel M. Sosin, MD, MPH; Alison Muse, MPH; Nancy M. Bennett, MD, MS; Laurie M. Billing, MPH; Melissa Sutton, MD, MPH; H. Keipp Talbot, MD, MPH; Keegan McCaffrey, BA; Huong Pham, MPH; Kadam Patel, MPH; Michael Whitaker, MPH; Meredith McMorro, MD, MPH; Fiona Havers, MD, MHS COVID-NET Surveillance Team

**FINANCIAL DISCLOSURE:** The authors have indicated they have no financial relationships relevant to this article to disclose.

**POTENTIAL CONFLICT OF INTEREST:** Mr Meek and Dr Sutton report receiving funding from the Centers for Disease Control and Prevention (CDC) Emerging Infections Program cooperative agreement. Ms Reeg and Ms Billing report receiving a CDC federal grant from the Council of State and Territorial Epidemiologists. Ms Billing reports receiving Epidemiology and Laboratory Capacity grant funding from CDC to support vaccine preventable disease epidemiology staffing and additionally report receiving Immunizations and Vaccines for Children grant funding from CDC. Dr Anderson has consulted for Pfizer, Sanofi Pasteur, Janssen, and Medscape, and his institution receives funds to conduct clinical research unrelated to this article from MedImmune, Regeneron, PaxVax, Pfizer, GSK, Merck, Sanofi Pasteur, Janssen, and Micron. He also serves on a safety monitoring board for Kentucky BioProcessing, Inc. and Sanofi Pasteur. His institution has also received funding from National Institutes of Health to conduct clinical trials of Moderna and Janssen COVID-19 vaccines.
